

North Central London  
Joint Formulary Committee

## Homeopathy Position Statement

**Homeopathy products are non-formulary in North Central London. The evidence for these has not been reviewed at any formulary committee in North Central London.**

**Prescribers should not initiate homeopathic items for any new patients.**

**Patients established on homeopathic items should be reviewed with a view to having these stopped.**

**NHS England category:** Item of low clinical effectiveness, where there is a lack of robust evidence of clinical effectiveness or there are significant safety concerns.

- Homeopathy seeks to treat patients with highly diluted substances that are administered orally.
- Specialist Pharmacy Service has conducted an evidence review for homeopathy, identifying that there is no clear or robust evidence to support the use of homeopathy on the NHS. [\[link\]](#)
- PrescQIPP has made available a patient information leaflet explaining why homeopathy will no longer be prescribed [\[link\]](#)
