

## Annex 1- Delegated Financial Limits

### Introduction

This document is to be used in parallel with the Standing Financial Instructions as a detailed outline of delegated limits representing the highest level to which authority with the ICB is delegated. Delegation to lower levels or to other officers is not permitted without the specific authority in writing of the Accountable Officer or Chief Financial Officer. In the absence of the relevant authorised person, authority is delegated up to the next appropriate authorised person.

	Note on non-financial factors							
	This document relates specifically to financial limits. However, all staff should be aware that changes to service delivery models including but not limited to quality, operational performance and/or the balance of risk between the commissioner(s) and the provider(s) may be material regardless of the financial impact. These types of changes may require approval at a more senior level or by a committee so staff should refer to the relevant governance processes and policies.
